Attabad Lake

Attabad lake is listed as one of the five best tourist sites of Pakistan in 'The Guardian'. Along with a view of the majestic Karakoram range, the lake offers a range of recreational activities including jet ski, fishing and boating.

"…in it are men who love that they should be purified, and Allah loves those who purify themselves." (Surah-e-Tauba 108**)**

Keeping oneself and the environment clean is considered an important attribute of the believer. At Attabad Lake, ensure that you do not pollute the water by throwing litter or plastic into it. Avoid motorized boat rides to reduce your carbon footprint, thus protect the fragile ecosystem.
