

# Education

The importance of education in Islam has been repeatedly emphasized in both the Holy Quran and Sunnah. **The Prophet ﷺ said: “Indeed Allah, His Angels, the inhabitants of the heavens and the earths - even the ant in his hole, even the fish - say Salat upon the one who teaches the people to do good.”** (Jami`at-Tirmidhi:2685) Islamic universities predate Western universities by several centuries. Muslims pioneered the study of Algebra and helped establish it as a separate field of mathematics. Islam has such a rich tradition of education that for hundreds of years, Muslim scholars led the world in virtually every known academic discipline.
