

Planting Trees

Islam considers each individual as a steward of the environment to the extent that planting and maintaining trees is considered as an act of faith. **"There is none amongst the Muslims who plants a tree or sows seeds, and then a bird, or a person or an animal eats from it, but is regarded as a charitable gift for him."** (Sahih al-Bukhari:2320) The Prophet ﷺ clearly forbade destruction of trees and crops even during war times. In recent times, trees stand at the forefront of the climate change war and can play a major role in managing wet-weather flow and extreme climate events.
